### Form

This form is a notification of the appointment or change of representative.

### Subject area

Indicate whether the appointment or change concerns a trademark, design or patent. Separate forms must be submitted if the holder wishes to notify transfers of different kinds of intellectual property rights.

### Application/Registration number

The relevant application or registration number must be submitted. Where applicable, also state the name of the trademark, design or patent. For trademarks, if there are no verbal elements in the trademark, please indicate the type of mark. If there is not enough space to list all the trademarks, designs or patents affected by the notification, please use the list on page 2.

### Change of representative

Check box if the notification concerns a change of representative.

### Representative

Please provide the name and address of the representative. If the representative does not have a customer ID with The Norwegian Industrial Property Office (NIPO) you will need to provide a complete mailing address. Space is provided at the bottom of the form for the representative's logo.

### Division and separation of basic application

The power of attorney is applicable to possible divisional and separated applications. Such applications must each contain a reference to the power of attorney in the basic application.

### Applicant/holder

Please provide the name of the holder. It is optional to provide an address or any customer ID you may have with The Norwegian Industrial Property Office (NIPO).

### Signature

The form must be signed by the applicant/holder. Copies of the form will be accepted only if all the submitted information is legible. If the notification concerns a transfer of power of attorney, the signature of the current representative is sufficient. If a trademark, design or patent has more than one applicant/holder, all must confirm the appointment of the representative. Separate powers of attorney must be submitted if the applicants/holders have different addresses.

### Trade secrets

Trade secrets may be exempted from public disclosure. A request for exemption must be in writing. In addition, you must clearly mark the information in the document that you wish to be excluded. We will then make an assessment of whether the information may be exempted.
